

Chaperone Certificate of Rights and Responsibilities

WE'RE HIP LIKE ZIP!

This certificate recognizes the _____ family for reviewing and discussing the best practices for using Chaperone from Verizon Wireless

All family members can use this space to sign the Chaperone Certificate of Rights and Responsibilities:

As responsible users of Chaperone, we understand that:

- Keeping an open line of communication is a priority for our family, and Chaperone can help us communicate better.
- Chaperone is another tool we can all use to stay informed about our whereabouts, and to assist our family members in the event of an emergency.
- Our phones must be turned on for the service to operate properly.
- Our newly created list of important telephone numbers is placed in a prominent place.
- It is important to practice making an emergency call and to rehearse the steps that one should take when talking to an adult responder.
- And, our new Chaperone service will allow all family members to stay in touch!
