## The Easy Way to Be in Control

From Ringtones to Games, TXT and Picture Messages, or just calling your friends, you'll only be charged for the services you use. You're in control!

### EasyPay Plans Account Activity Example

Starting Balance	\$50.00
7-Minute Call	- \$0.98
TXT Message Sent	- \$0.10
Picture Message Sent	- \$0.25
25-Minute  Call	INCLUDED
15-Minute Night Call	- \$0.00
<b>Your Remaining Balance:</b>	<b>\$48.67</b>

**Anytime Minutes, National IN Calling and Night & Weekend Minutes are for use from within the EasyPay Plans Rate and Coverage Area.** Initial balance placed on account at activation expires 30 days after you place the first call. If the first call is not placed within 30 days of account activation, you will forfeit the money in your account. Funds placed on the account after the initial balance will expire in 30 days. Other charges for available services on your EasyPay Plan may deplete your monthly allowance of Anytime Minutes. Unlimited IN Calling and Night & Weekend Minutes not available if account has expired. When outside the EasyPay Plans Rate and Coverage Area you will be charged at the roaming rate of 99¢ per minute including domestic long distance. Service availability dependent on phone model. Voice Mail setup and retrievals are charged at regular Calling Plan rates and will deplete account balance when calling from your wireless phone. V CAST, New Every Two<sup>®</sup> Extended Warranty, Wireless Phone Protection, Total Equipment Coverage, Roadside Assistance, Detailed Billing and Enhanced Voice Mail are not available on the EasyPay Plans. In some instances these features or services may work and charges will deplete account balance.

## EasyPay Plans Information

**For more information, refer to the Verizon Wireless Prepay Customer Agreement or speak to a Sales Representative.**

Except as otherwise specifically noted in this brochure, all terms, conditions and obligations of the Verizon Wireless Prepay Customer Agreement shall govern the terms of your service. Your wireless number is subject to termination after the expiration period. Verizon Wireless will suspend service when your account reaches the expiration date. Any unused balance will be forfeited. Customers must make a payment to their account every 30 days in the amount agreed upon during activation to avoid service interruption. Verizon Wireless reserves the right to terminate service if the account expires, at which time a \$35 activation fee may apply to re-establish service. Your balance may not exceed \$1,000 and you may be prevented from making payments to your account if it reaches \$1,000. Funds deposited to your account through Verizon Wireless' Bill Payment Kiosks will have taxes deducted from the total amount deposited at the applicable rate.

Toll- and airtime-free numbers are 911, #PAY/ # 7 2 9 SEND and \* 6 1 1 SEND. Service limitations apply to Caller ID. To block the transmission of your number and name, \* 6 7 SEND may be used. No charge for busy or unanswered calls on the EasyPay Plans Network. Charges for calls will be based on the cell sites used and time of day at the telephone switching office that carries your call, which may be different from the time of day shown on your phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused allowance minutes lost. Charges start when you first press SEND or the call connects to a network on outgoing calls, and when the call connects to a network (which may be before it rings) on incoming calls. Time may end several seconds after you press END or the call otherwise disconnects. We only bill for calls that are answered (which includes calls answered by machines). Calls to "toll-free" numbers are toll free; you will be billed airtime. Billing for airtime and related charges may sometimes be delayed.

**IN Calling:** If Caller ID is not present or Caller ID Block is initiated, IN Calling does not apply to incoming calls and will apply to outgoing calls only. IN Calling is not available to customers whose wireless exchange restricts the delivery of Caller ID or with fixed wireless devices with usage substantially from a single cell site. IN Calling does not apply if Call Forwarding or No Answer/Busy Transfer features are activated or to data usage, calls to check your Voice Mail or any of the VZGlobal® services.

**411 Connect®:** When outside the EasyPay Plans Rate and Coverage Area, 411 Connect rates, automatic connection and enhanced services may vary. For connected calls, the part of the call that occurs prior to connection may be billed at a different rate than the part of the call that occurs after connection. Additional toll and long distance charges may apply. If you receive incorrect information from 411 Connect, call \* 6 1 1 SEND (airtime-free) to receive a \$1.49 credit back to your account.

Verizon Wireless Calling Plans, Rate and Coverage Areas, agreement provisions, business practices, procedures and policies are subject to change as specified in the Verizon Wireless Prepay Customer Agreement. Our liability is significantly limited. Please read and understand the Verizon Wireless Prepay Customer Agreement before activating or using your phone.
